

## Spacial Guidelines Exceeded by 300%

As many of you are aware, since New Year the Kennels has been in the throws of major building works. New Environmental Health guidelines (in Milton Keynes Council areas only) dictate set square footage areas for both dogs and cats. These areas must be compliant by the end of December 2000, therefore we are devoting the quieter months to these necessary works. So please accept our apologies for any distruption

they may cause. Rest assured they are for your Pet's benefit, comfort and well being. To add extra value for money we will boast some dog kennels that exceed the regulations by up to 40%. Some dog exercise runs will exceed the guidelines by over 300%. At the time of writing, 18th March 2000, we have completed 26 dog kennels and are about to start on two new cat houses next week. Directives include;

Dog kennel areas to be minimum of 20 sq. ft.

Dog exercise runs to be minimum of 36 sq.ft.

Cat sleeping areas to be minimum of 9 sq. ft

Cat exercise runs to be minimum of 18 sq. ft.

### SUMMER OPENING HOURS

Will commence from Sunday 26th March 2000

Monday-Saturdays  
9.00-6.00

Sundays  
10.00-4.30

Bank Holidays as Sundays

## New Reception Block Planned

We intend moving the present reception area (currently situated in the lower East wing of the house) to a purpose built unit nearer the animals. The building will incorporate specific areas for Reception, food storage, kitchen, grooming and

staff. Within the scheme devoted customer parking will be provided. The design of the unit will improve security and access to the kennels and cattery. Whilst provide up to date facilities for Pets, Customers and Staff alike. Planning permission is cur-

rently being applied for and with all going well we hope to commence works towards the end of May

**WE ALSO BOARD SMALLER ANI-**

### Find us on the web

From april 2000 we will  
Have our own website

### Village Dog Bin Sponsorship

*Due to recent local byelaw legislation passed by Milton Keynes Council and surrounding Village Parish Councils. Charlesberry Kennels has Sponsored Dog waste bins in Sherington and Lavendon. The legislation puts the responsibility onto the dog owner if his/her animal fouls in a public place. If the owner does not clear up after the animal the Council can levy fines up to a maximum of £1000*
