

JUST ANOTHER STAR

Just another star to light the sky
Just another town to passers by
Just another night so cold and grey
Strangers look for shelter
Couldn't find a place to stay

Just another donkey warm and brown
Just another journey through the town
Just another searching for somewhere warm
Found a tiny stable
Just before the child was born

**Love isn't ever far
Look up from where you are
Look for another star
Shining like it shone down on Bethlehem**

**Love isn't ever far
Look up from where you are
Look for another star
Shining like it shone down on Bethlehem**

Just another candle in the night
Just another shelter out of sight
Just another shepherd passing by
Sheep stood round the manger
Listnin' to a lullaby

It was such a special place to stay
It was such a happy Christmas Day
It was such a glowing star that shone
Up above the stable where the Holy Child was born

**Love isn't ever far
Look up from where you are
Look for another star
Shining like it shone down on Bethlehem**

**Love isn't ever far
Look up from where you are
Look for another star**

Shining like it shone down on Bethlehem
Shining like it shone down on Bethlehem
