From/To

Oct 89 – Jan 02

Position/Duties

Graphic Artist producing slide presentations, brochures and exhibition graphics, as well as assisting studio manager.

Details:

I was with my last company for thirteen years. I was originally employed as a finished artist producing artwork on drawing boards. After being there for one year we got our first Apple Macintosh, a IIFX. Since then I've become proficient using the following applications:

Illustrator 9.0

Quark Express 3.32

Persuasion 4.0

Photoshop 5.5

Fireworks 4.0

PowerPoint 98 (PC)

Freehand 7.0

Dreamweaver 3 (PC)

Flash 4.0

I've worked on many varied projects ranging from slide presentations and brochures to exhibition displays/graphics and, most recently, websites. As well as producing work I was also assistant to the studio manager, arranging for orders of stock, subcontractors, etc. I've also had to deal with clients on a one-to-one basis, although this was mostly when I had my own company. I believe I would be an asset to your company and, hopefully, give me the opportunity to further my career.
