

Newcastle Scouts Car Parking Rota

During the last rota, you guys exchanged the car parking signs, keys, bucket and vests amongst yourselves. I have to date, received no feedback on the way this has been run so on the back of that I will continue to run this rota in the same manner. You will receive an email before your event stating who and where you are to deliver the kit to once you have finished with it. If you're unsure about this or you have any other potential problems with this rota, please contact me on my mobile or via the email address below and I will attempt to resolve any issues asap.
