RECORDS MARKED: v.l.scrs/v.l.scfs only have marks caused by removing disc from its sleeve.

"lovely copy" : a short time ago, we bought a collection of around 1000 records, mainly from the 1960's. These were in fantastic condition, having been kept out of the sunlight and the discs housed in plastic, not paper, inners. Hence this description. Some of them have the original owner's name on the back, this having been written by the shop that sold them. Apart from this the covers retain their original 'shine'.
