TOURNAMENT REPORT 2005

Well, unfortunately someone did their rain dance on the wrong day.. this shoot was perhaps the wettest it has been for quite a few years. There was some consolation in that it wasn't cold, just wet. This year saw our worst case of "no shows"; about 27 who had pre-booked didn't turn up. This causes a big headache for the organisers, so if you pre-book PLEASE turn up, no matter what the weather's like!

That said, we cannot take away the medals from the winners – all those who finished certainly deserved one. Not surprisingly, there were no new national records made this year but it wasn't for the want of trying under those golfing umbrellas. The rain also saw other problems in that we had pass-throughs on our new bosses due to the constant lubrication of the rain penetrating the layers of foam. With bows getting faster and arrows getting thinner, it is becoming a problem, especially as the whole lot has to be cleared away by nightfall.

My thanks go to the many people who helped the day go smoothly, including the whole of the High Ashurst team whose tractors were able to unload the bosses at strategic places in the woods, leaving only a short haul by hand. A big thanks to Val and her help in providing sustenance all day, Derek, Neil and Peter who judged, and last but not least Diana Halsey our Lady Paramount for the day.

Once again, thank you one and all and hope to see you on 5th November 2006.
