

County of Surrey Archery Association

Team Managers Report

11th September 2006

1. SCAS Junior Inter- County Team Championships. 20th August 2006.

Report already posted on the Web-site, very pleased to announce that our Junior team came second out of the eight counties entered in the recurve competition. A copy of the report and the result sheet is attached.

2. SCAS Senior Inter- County Team Championships take place on Sunday 17th September at Andover.

We have full recurve and compound teams, with shooting reserves. Team selection very much follows the selection lists with only one or two reserves called upon.

Surrey Trophy – As previously reported the figurine on the Surrey Trophy has been damaged, the upper limb of the bow being broken off and I have now been advised that this is not able to be repaired. The trophy will therefore not be presented at this year's competition. There have been discussions within SCAS regarding the trophy and I will be invited to join in the discussion on Sunday to decide what will happen to this trophy.

3. Registration of County Colours – Alternative colours for the fleeces now registered with GNAS for the year 2007. This will be a transition year with the change over from the Green and/ or White to the Royal Blue, both colours will be permissible to be worn for 2007 and then next year we will drop the green / White.

Les Bashford
